Think Twice Email Due Diligence

Included in this seminar is a free copy of the Email Due Diligence System. Developed by the Delaware State Bar Association, this software is designed to prevent emails from accidentally being sent to the wrong parties, a problem all too prevalent with the ever quickening pace of the workplace, and the increasing demands on our time. The system integrates closely with Outlook 2003 & 2007 and can run on any Windows PC. We encourage you to install this software, so that you will never again click "Send" on an email and realize a split second too late that you sent it to the wrong recipients!

An activation code for this software will be provided to you after your paid registration for this seminar is received. It will allow you to download and install the Email Due Diligence System on one (1) PC. Additional copies can be purchased directly from the DSBA for \$40.00 per PC (<http://www.dsba.org/store/site.lasso?fuseaction=software.edds>).
